Gregg,

I am sending you this cheque for \$100 because even though you gave me a Five Year Leak Guarantee when you worked on my roof in July, 2003, and you promptly responded to my call for help when a new leak appeared several days ago, and you fixed the leak, the fact that some of the problems with water leaking over the side of the house were caused by plugged-up downspouts, which obviously are not connected to your work on the roof, but which you kindly cleaned out, warrants this payment to you.

I appreciated your very quick response to my call for help, and hopefully the problem is solved.

Sincerely,

George Kulyk
