TO WHOM IT MAY CONCERN

RYAN WYLIE and SAM HEARD are employees of Hay's Roof Management. They were recently assigned to repair our shake roof and are deserving of a letter of commendation.

For three days, these two young men have diligently worked on their responsibilities to complete their tasks in a timely and effective manner. It is apparent both have a strong work ethic as evidenced by their respect of our home and gardens. Their work area was kept within boundaries and was left neat and tidy at the end of the day.

Ryan and Sam are pleasant young men, trustworthy, extremely polite, and articulate in their conversations with us. As they move forward in their lives, their demeanor will serve them well in whatever direction their careers take.

Yours truly
